Embark on a heartwarming adventure in Joojee's Journey!

GAME DESCRIPTION

Prepare to smile, laugh, and cry in Joojee's Journey! In this whimsical narrative adventure, you'll play as Joojee, a lovable bunny who suddenly wakes up without her memory. Armed with nothing but her charm and a mysterious magic brush that allows her to enter anyone's mind, Joojee goes on a journey to recover her lost memories while helping others overcome their own troubles.

GAME FEATURES

- ♥ Touching and funny character backstories and memories.
- ♥ Challenging platformer sequences.
- ♥ Mind-bending riddles and puzzles.
- ♥ Assist mode that lets players skip challenging obstacles if they wish.

Switch Features: Handheld mode, tabletop mode, and TV mode support

PUBLISHER

Singapore-based DigiPen Game Studios (DGS) works directly with third-party and independent developers to create, publish, and distribute original game titles. By building partnerships with other industry leaders, DGS helps bring the work of regional game developers to a global audience. Visit www.digipengamestudios.com for more information.

DEVELOPER

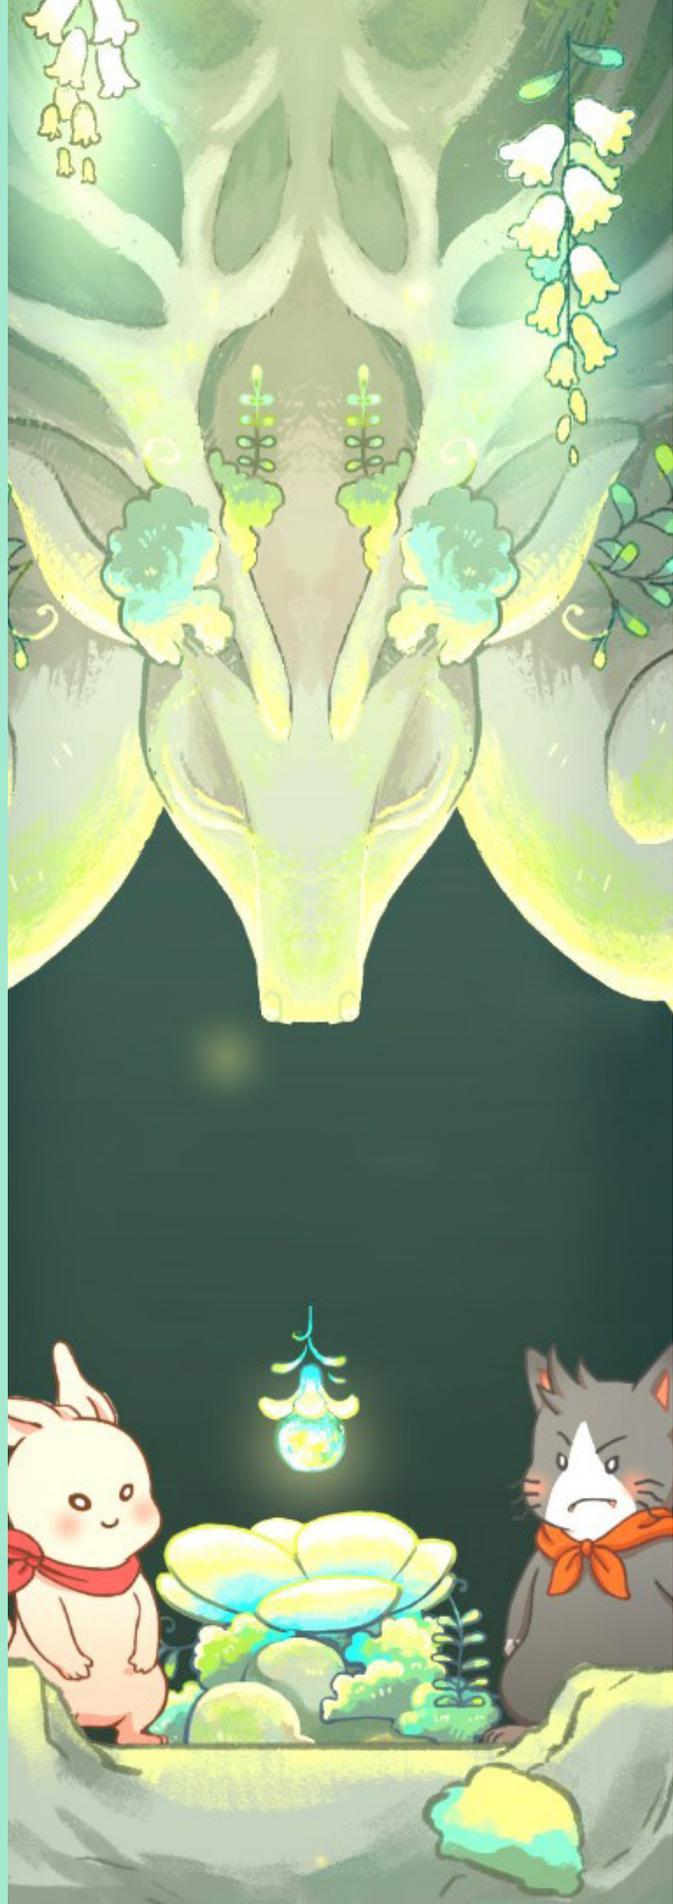

THE DIGITAL INNOVATIVE DESIGN AND TECHNOLOGY CENTER (DIDTC)

The Digital Innovative Design and Technology Center (DIDTC) was established in 2011 through the collaboration of leading organizations in the content development sector including Thailand Animation and Computer Graphic Association, Thai Game Association, Digital Content Thailand, and Bangkok ACM SIGGRAPH, with the goal to develop human resources, research, creative works, and networking opportunities in order to promote a sustainable growth in the Thai digital content industry towards internationalization. Special emphasis is given to the field of gaming, animation, and visual effects (VFX). In the future, plans include moving forward into the design and product development areas.
